DESKTOP COLOR LABEL PRINTERS

BRILLIANT, FULL-COLOR PRODUCT LABELS ON-DEMAND

LX500 | LX500c

COLOR LABEL PRINTER | COLOR LABEL PRINTER

LX500 produces gorgeous, professional-quality labels for all your short-run, specialty products. It's ideal for industries such as gourmet foods, wine, personal care, natural products, and more.

With fast print speeds, competitive label quality and cost per label, and an optional built-in cutter, the LX500 is the ideal entry-level color label printer designed for your business to thrive.

LX500 Features Include:

- » Color inkjet printing at up to 4800 dpi
- » Media width of 0.75" to 4.25" (19mm to 108mm)
- » Print length of 0.25" to 24" (6mm to 610mm)
- » One high yield tri-color ink cartridge
- » Optional built-in label cutter (LX500c)

RX500

COLOR RFID LABEL PRINTER

RX500 is the only desktop full-color RFID label and tag printer that's fully integrated. Built-in, automatic RFID encoding makes it ideal for applications that need both color and RFID, including asset tracking, retail & apparel tags, security and identification badges, wristbands, pharmaceuticals, and much more.

Industry-first integrated UHF reader/encoder supplied by RFID industry leader Honeywell®

Supports EPC Global Class 1 Gen 2 and ISO 18000 -6B and -6C

LX500 Customer Spotlight: Breezy Quarters Soap & Bath Factory

Printing custom short-run, professional-quality labels with the LX500 has been a breeze for founder Paige Bowser. In her own words, "I needed to step up my game with my packaging." After some research, Paige realized that the LX500 allowed her business to be creative while also allowing the flexibility to design and print labels on-demand rather than having to wait with outsourcing.

LX610 has Built-In Digital Die-Cutting – Cut Any Label Shape!

LX610

COLOR LABEL PRINTER

Print and Cut Custom Labels of Any Shape or Size* – All in One Simple, Unattended Process.

Automatic Built-In Die-Cutting

LX610's printing and precision die-cutting are incorporated into one easy, timesaving step. Just import your design and select a cut format. Choose from standard die-cuts – such as squares, circles or rectangles in any size, or a contour cut that automatically and precisely follows the outline of the image.* You'll never need to order a custom die again!

LX610 Features Include:

- » Automatic, built-in die-cutting
- » Color inkjet printing at up to 4800 dpi
- » Max print width 4.1" (104mm) – die-cutting or 5" (127mm) – pre-die cut label material
- » One high yield tri-color ink cartridge
- » Pizza-wheel style label cutter

*Software upgrade required for cuts beyond standard shapes such as squares, circles, or rectangles

LX600

COLOR LABEL PRINTER

LX600 encompasses all the same quality features as the LX610 without the built-in die-cutting. It's perfect for a range of industries including health and beauty, food and beverage, chemicals and more.

LX600 Features Include:

- » Color inkjet printing at up to 4800 dpi
- » Print width of 0.5" to 5" (13mm to 127mm)
- » Interchangeable pigment and dye inks
- » One high yield tri-color ink cartridge
- » Pizza-wheel style label cutter

DESKTOP COLOR LABEL PRINTERS

BRILLIANT, FULL-COLOR PRODUCT LABELS ON-DEMAND

LX910 COLOR LABEL PRINTER

LX910 is the highest print quality color label printer ever developed by Primera. It uses a very high capacity thermal inkjet printhead with one cartridge that was designed from the start to be unmatched in its performance. Print with dye or pigment ink, all in the same printer.

LX910 Features Include:

- » Color inkjet printing at up to 4800 dpi
- » Top print speed of 4.5"/sec (114 mm/sec)
- » Print width of 0.75" to 8.25" (19mm to 210mm)
- » Print length of 0.75" to 24" (19mm to 610mm)
- » One ultra-high yield tri-color ink cartridge available in pigment and dye

One Printer, Two Solutions

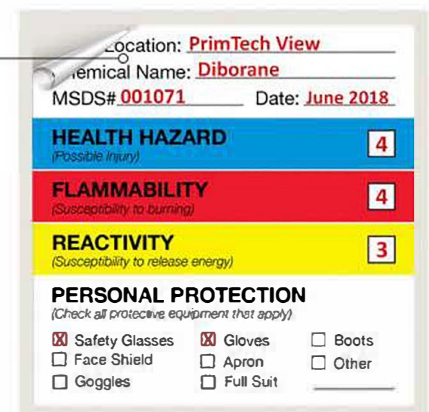

LX910's technology allows you to easily switch between dye and pigment ink without having to change the print head.

Under the Hood

Unrivaled Durability

Pigment-based ink delivers ultimate strength for your labels to withstand the elements.

Undeniable Vibrancy

Dye-based ink creates brilliant colors so your labels stand out in the crowd.

NEW

LX3000

COLOR LABEL PRINTER

NOW WITH
BIG INK™!

LX3000 is the newest, highest-quality label printer developed by Primera. LX3000 features an all-new tanked-ink system and print head for either dye or pigment ink. The tanked-ink system allows LX3000 to give a lower cost per print than any other printer.

LX3000 Features Include:

- » Color inkjet printing at up to 4800 dpi
- » Top print speed of 4.5"/sec.
- » Print width of 0.75" to 8.25" (19mm to 210mm)
- » Print length of 0.75" to 24" (19mm to 609mm)
- » Wired ethernet for network connections

Large, separate ink tanks are chipped to track levels in PrintHub.

Separate CMY Tanked Ink is fed through tubing to the LX3000 print head

LX3000 prints on pre die-cut, continuous, and black mark labels.

DESKTOP LABEL APPLICATORS

SEMI-AUTOMATIC LABELING SOLUTIONS

AP360 | AP362 LABEL APPLICATOR | LABEL APPLICATOR

AP360 and AP362 Label Applicators are the perfect semi-automatic labeling solutions for cylindrical containers as well as many tapered containers, including bottles, cans, jars and tubes.

Features Include:

- » Quick set-up and easy operation
- » Accurately applies labels to the front (AP360) or front and back (AP362) with variable spacing
- » Fast – labels are applied at 5.3" (135mm) per second – up to 1200 containers per hour

AP550 LABEL APPLICATOR

AP550 Label Applicator is a flat surface, semi-automatic label applicator for rectangular or tapered bottles, boxes, packages, bags, pouches, lids, tins and more.

Features Include:

- » Quick set-up and easy operation
- » LED display with counter
- » Applies up to 500 labels per hour

AP360 Customer Spotlight: Wander North Distillery

Minneapolis-based small batch distillery Wander North has been creating locally-sourced craft beer since 2013. A proud veteran-owned distillery, Wander North is able to donate part of their net profits to local charities thanks, in part, to the time and money saved because of consistent label applications with their AP360.

According to Founder Brian Winter, "with three people, what we can do in four hours is what we used to be able to do in seven [using AP360]."
