

Introducing the ColorWorks C6500 series

Developed as a result of direct feedback from customers, these colour label printers offer users speed, control, efficiency and flexibility. Available in either 4" or 8" print-widths, each size model is also available with an optional, built-in peeler to optimise workflows.

Produce high quality, custom labels time in-house and on demand with the C6500 series and eliminate the traditional problems of thermal overprinting. No more delays, disruption, waste or inconvenience. No more pre-printed label inventory, production downtime, lost orders or late shipments.
